Master of Arts in Ministry Studies

Students must complete twelve (12) 3-credit courses for a total of thirty-six (36) credit hours. The standard track is a 2-year schedule in which you take two courses in the fall and spring semesters, and two in the summer.

FALL / 2 COURSES / 8 WKS / 6 CR

SPRING / 2 COURSES / 8 WKS / 6 CR

SUMMER / 2 COURSES / 8 WKS / 6 CR

36 CREDITS / 2 YRS

Community-Based
Students will join a group of other students and continue with this same workgroup, for the entire term of the program.

If an individual’s schedule changes and they must skip a semester, or wish to take classes at a pace slower than the suggested 2-year program, they can still enjoy interaction with other graduate students at Grace College.

Curriculum Design

Continue Fulltime Work
The online format provides the capability for students to work full time and attend graduate school by taking one 8-week long course at a time.

The format is flexible enough that students can complete their course assignments around their own specific weekly schedule.

Course Requirements
- A bachelor’s degree from an accredited college or university.
- All online students are required to attend at least one colloquial gathering during their online graduate career. This is a weekend orientation for all of the new residential and online students.
- You will have the option of returning for the graduation ceremony during May of the second year.

*All of the MAMS courses are included in the requirements for the Master of Divinity program if you would like to gain a head start in that degree. Please check our website for more information.
