GRACE COLLEGE AND SEMINARY
Complaint Resolution Process

Grace College recognizes that complaints about the institution may surface from time to time. We believe that it is in the best interest of all involved to resolve these matters as soon as possible and at the lowest possible level. When receiving a complaint or grievance, Grace will use this as an opportunity to clarify and explain its policies, procedures, or actions, and review and modify its practices as necessary.

Grace asks that all parties first try to reconcile their complaints with the individual or department in which the complaint surfaced. If the complaint cannot be resolved at this level, parties should follow the procedures as noted below.

Students and employees/faculty will not be subject to any retribution or unfair action or treatment as a result of initiating a complaint or grievance. Students, employees, faculty, and others also have the right to go directly to one of the institution’s accrediting agencies [here](#).

Application: This process is to address general institutional complaints, grievances, or issues that otherwise would not be resolved by an existing academic policy (e.g., academic appeal of a grade or appeal of a disciplinary procedure).

Documenting Complaints
Complaints received should be documented in writing, including the nature of the complaint, the institutional response, and the outcome, then forwarded to the Vice President of Administration and Compliance.

FERPA complaints: Parents and eligible students who need assistance or who wish to file a complaint under Family Educational Rights and Privacy Act (FERPA) or Protection of Pupil Rights Amendment (PPRA) should do so in writing, sending pertinent information through the mail to the following address:
