

SATISFACTORY ACADEMIC PROGRESS POLICY

Recipients of student financial assistance are required to make satisfactory academic progress toward a specific educational objective or degree. The federal government's Department of Education has mandated that Grace College monitor and enforce these standards which are consistent with the educational mission of the college. This policy applies to all students receiving assistance from any financial aid program administered by the Office of Financial Aid at Grace College. This policy is administered separately from the institution's academic probation and suspension policy.

Qualitative and Quantitative Measure

Satisfactory academic progress is measured by both a qualitative and a quantitative standard. The qualitative standard is based on meeting the minimum cumulative GPA required for the number of hours attempted. The quantitative standard requires the student to have completed the required minimum percentage for the number of credit hours attempted. The Office of Financial Aid determines on an annual basis (at the end of spring semester) the eligibility of the student for continued financial aid based on the standards established under the Satisfactory Academic Progress Policy.

UNDERGRADUATE LEVEL:

Hours Attempted	Minimum % Of Completion	Minimum Cum. GPA
0-14	67%	1.250
15-28	67%	1.500
29-38	67%	1.650
39-48	67%	1.750
49-58	67%	1.900
59-88	67%	2.000
89-124+	67%	2.000

GRADUATE LEVEL:

Hours Attempted	Minimum % Of Completion	Minimum Cum. GPA
All (1+)	67%	2.000

Students who fail to complete the required minimum percentage of credit hours as listed above and/or who do not meet the minimum grade point requirements during any applicable academic year will be cited as not making satisfactory academic progress. Students who fail to meet the standards at the end of the spring semester each academic year will be placed on financial aid suspension and notified in writing. Students placed on suspension are not eligible for financial aid funding.

Appeal Process to Regain Eligibility

A student who has lost eligibility for financial aid may take courses at Grace College at their own expense until they have achieved the required minimum cumulative GPA and/or the required minimum number of credit hours. Once achieving these requirements, the student must request that SAP be reviewed again if requirements are achieved at the end of Fall or Summer terms. Financial aid will be reinstated if the student has been found to be meeting the SAP requirements.

A student who has failed the qualitative and/or quantitative measures, can appeal by contacting the Registrar to develop an Academic Plan that will grant the student *SAP Probation* for up to a year. A student has 30 days from the date of the notification of suspension to contact the Registrar and develop the Academic Plan. Once completed, the Academic Plan should be submitted to the Office of Financial Aid. The Academic Plan needs to spell out when and how SAP will be achieved by citing the number of credit hours planned for each semester and the minimum grades for each course. If the student is not meeting this prescribed plan when SAP is reviewed again at the end of the next spring term, the student will be placed on Financial Aid Suspension until SAP has been achieved and there will not be another probationary period granted.

If a student can't develop an Academic Plan with the Registrar that will allow them to meet the SAP requirements by the end of the next spring when SAP is reviewed again, the student will have to pay for courses at their own expense. Any credits taken, whether receiving financial aid or not, are counted towards maximum time frame, credit hours attempted and credit hours completed.

Appeal Process if Academic Plan Not Met

A student who has not met the requirements of the academic plan that was devised with the Registrar may appeal the continuing SAP failure if there was mitigating circumstances. Circumstances eligible for consideration include:

1. Death of immediate family member of student
2. Injury or illness of student or immediate family member
3. Military activation of student or student's spouse
4. Other extenuating circumstances

A student wishing to submit an appeal must do so in writing detailing the circumstance and include any supporting documentation within 30 days of being notified that SAP standards have not been met. The Financial Aid Committee will review the appeal and grant SAP probation for 1 semester only, if approve. The decision of the Financial Aid Committee is final. The student will need to devise an academic plan with the Registrar for the semester that was granted the appeal. The Academic Plan needs to spell out when and how SAP will be achieved by citing the number of credit hours planned for the semester and the minimum grades for each course. If the student is not meeting this prescribed plan when SAP is reviewed again at the end of the

appealed semester, the student will be placed on Financial Aid Suspension until SAP has been achieved and there will not be another probationary period.

Courses and Transfer Credits

Courses for which a student receives F, W, or I will count as credits attempted but will not be considered as credits successfully completed. Incompletes will be considered as successful completions if the I is changed to a grade (other than F or W) within the six-week period granted by the Academic Policy Manual.

Courses that are repeated for academic forgiveness will count in the number of credits attempted and completed. If the original course had a passing grade, the original credits are counted as completed even though the grade is no longer calculated as part of the cumulative GPA.

Courses for which a student receives CR count towards credits attempted and completed even if the grade is not calculated as part of the cumulative GPA. Courses for which a student receives NC count toward the credits attempted but not completed.

Courses which are taken for credit, even though they are remedial in nature, are counted in both the quantitative and qualitative computations for eligibility. All courses taken for credit or accepted as transfer credit are counted towards the maximum time frame.

All courses attempted at Grace College, including additional hours needed for a change in major or degree and towards a second Bachelor's degree, count towards hours attempted, completion percentage and maximum time frame.

All summer term hours are counted towards hours attempted, completion percentage and maximum time frame.

AU (Audit) credits do not count either in the cumulative GPA or in the credit hours attempted/completed. Noncredit remedial courses are not offered at Grace College.

The following table indicates the effect each letter grade has on the credit hours students attempt and the credit hours students completed.

Grade Received	Grade Counts Toward Attempted Hours	Grade Counts Toward Completed Hours
Passing Grades- "A," "B," "C," "D"	Yes	Yes
Repeated Course Previously Passed	Yes	No
Repeated Course Previously Failed	Yes	No
Fail - "F"	Yes	No
Withdrawal - "W"	Yes	No
Incomplete - "I"	Yes	No
Credit - "CR"	Yes	Yes
No Credit - "NC"	Yes	No
Audit - "AU"	No	No

Maximum Allowable Credit Hours for Undergraduate Degree Completion

Undergraduate students may not exceed 150 percent of the maximum published credit hours required for the degree program which they have declared. This establishes the maximum amount of attempted credit hours for which a student may receive financial aid. Total transfer credit hours from other institutions as recorded on the student's Grace College transcript are counted toward the maximum credit hours for undergraduate program completion.

Degree Type	Limit of Attempted Credit Hours
Bachelor's degree	180 credit hours
Associate degree	90 credit hours
