

RESOURCES AND SUPPORT ON- AND OFF-CAMPUS

Health and Counseling Services, located in the Gordon Health and Wellness Center, provides direct counseling, support, and information for local students who experienced or are affected by conduct that is the subject of this Policy regardless of whether the incident happened on campus, was perpetrated by another Grace student or Employee, or whether they choose to make a Formal Complaint or participate in the investigative process. It can also assist in making referrals for employees or commuter, online, and other Grace students who desire counseling, support, or information in their local communities.

Grace's Health Services provides nursing services including assessment, triage, and referral for health and medical needs resulting from Sexual Assault.

Local, off-campus advocates are available at the Winona Lake Police Department or the prosecuting attorney's office in Warsaw, Indiana. They offer assistance in a crisis, information and referrals, and personal advocacy to those who experience or are affected by violent crimes.

The Title IX Coordinator provides written information during the initial assessment about counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other service services available at Grace and in the community. It is also available as part of the Title IX policy sent to Complainants and Respondents during initial contacts.
