Grace College and Seminary cares about the health and safety of our students. The Office of Civil Rights makes it clear that sexual violence and harassment are civil rights offenses subject to the same kind of accountability, and support as with other protected categories such as race, disability, and national origin.

If you or someone you know at Grace has experienced *any* type of harassment, please contact the Title IX Coordinator, Carrie Yocum (574-372-5100 x6491, [yocumca@grace.edu](mailto:yocumca@grace.edu), McClain 102). You can find additional resources about Grace's counseling services [here](#) and Grace's Title IX Office [here](#).
