Nursing

To meet the growing number of students interested in nursing as a major field of study, Grace College teams with Bethel University in Mishawaka, Indiana, to offer nursing degrees. The nursing program at Bethel University was established in 1980 and has a strong reputation as one of Indiana's most respected programs in nursing education. Bethel University's nursing graduates have a strong history of passing the state board examination on the first attempt, qualifying for licenses as registered nurses.

Nursing students on the Grace campus complete liberal arts classes, including general education and biblical studies classes, under the guidance of Grace College professors. At the same time, they have the opportunity to study nursing with Bethel University nursing professors on the Grace College campus.

The Bethel University Bachelor of Science in Nursing program offered on the Grace College campus enables students to live on the Grace campus and become part of the Grace community while also completing the highly regarded Bethel nursing degree.
