ABOUT US

We are a K-12 school that serves low-income families in our community and the villages nearby. About 25% of our students come from the small villages around La Union. Our school strives to be Christ-Centered, to serve, and to challenge our students both academically and spiritually. We have high expectations for our students academically and see our students rise to meet them. Each day is begun with a devotional with the students. Weekly chapels are planned by the teachers for all the students.
