Introduction

The popularity of sport around the world creates a wide variety of career options and ministry opportunities in sport management. A career in sport management can be very rewarding for those who love sports and are motivated to help others enjoy them.

The need for well-trained managers in sport organizations, businesses, athletic programs, community and private fitness clubs, ministry outreach, sport medicine, and sport media is vital. This major takes an experiential learning approach to prepare students for the wide range of career options in sport management. Practical course related experiences, volunteer opportunities, and internships are emphasized to prepare the future professional for the ever-changing aspects of a career in sport management.

Purpose

Creating an experiential learning environment that inspires students to embrace biblically based ethical character, develop professional competence, and demonstrate active service where they live and work. This statement of purpose summarizes the department's philosophy in carrying out Grace College's mission and educational values. This should be evident through high academic standards, an emphasis on practical workplace experiences, and the application of Scripture to all aspects of life.

Program Learning Outcomes

1. Students will demonstrate they have gained practical experience in areas related to sport management businesses and settings.
2. Students will be able to create and execute a viable event.
3. Students will be able to develop a proposal to acquire support and funding for a new athletic facility or a facility renovation for Grace College.
4. Graduates will be "career ready."
