

DeYoung bio

Don DeYoung holds an emeritus science faculty position at Grace College, Winona Lake, IN following a career in teaching and research. He is a graduate of Michigan Tech, Grace Seminary (MDiv), and Iowa State University (PhD, physics). Don has written 21 books on Bible-science topics including object lessons for kids.

Don is past president of the Creation Research Society with worldwide membership. He speaks on a broad range of Bible-science topics and believes that the details of nature are a powerful testimony to the Creator's care for us.

Don and his wife Sally have three married daughters and ten grand and great-grandchildren. His activities include kayak-fishing and wilderness backpacking.
