

Position Announcement

Position	Department
Assistant/Associate/Full Professor of Computer Science	School of Science and Engineering Department of Science and Math

Grace College and Seminary welcomes diversity, and makes employment opportunities available to all applicants and employees without regard to gender, race, color, pregnancy, age, ancestry, national origin, disability, citizenship status, military status, genetic information, or any other legally protected category.

Grace College invites applications and nominations for the full-time position of **Assistant/Associate/Full Professor of Computer Science**. Responsibilities include teaching, advising, department and college service, scholarly activity, and professional development.

Primary responsibilities include continuing the development of our Computer Science program, teaching undergraduate courses in computer science, and mentoring students as both Christians and computer scientists. Other responsibilities include department and college service, contributing to research in your field, facilitating student research, and professional development. The candidate would take over the duties of the program director of Computer Science immediately or after a year, depending on experience. Full time faculty are offered development funds for conferences and continuing education, as well as sabbaticals.

[Grace College](#) is a Christ-centered Liberal Arts College informed by pietist and evangelical traditions. Located in the resort community of [Winona Lake](#), near Warsaw, Indiana (36 miles west of Ft. Wayne), Grace College offers 52 academic majors (38 minors). Central to the [mission](#) is developing character, sharpening competence, and preparing for service. Our goal in Christian living and teaching is to make Christ preeminent in all things. The programs of the college, as well as its community lifestyle commitment, are designed to encourage serious academic inquiry, a biblical worldview, spiritual understanding, and social conscience, all in the context of God's grace.

Qualifications:

1. A Ph.D. in a Computer Science related field is preferred.
 2. Commitment to the mission and values of a Christian institution and to integrating their faith with learning, both in the classroom and in all areas of life.
 3. Evidence of excellence in teaching and experience in course design and curriculum development at the collegiate level.
 4. Research interests that have potential to include students.
