

Position Announcement

Position	Department
Mathematics Part Time Instructor	School of Science and Engineering

Grace College and Seminary welcomes diversity, and makes employment opportunities available to all applicants and employees without regard to gender, race, color, pregnancy, age, ancestry, national origin, disability, citizenship status, military status, genetic information, or any other legally protected category.

Grace College invites applications and nominations for the part-time position of mathematics adjunct instructor. Responsibilities include teaching probability and statistics courses which serve to support the Math and nursing programs, both of which are housed in the School of Science and Engineering.

The candidate should possess evidence of having successfully taught statistics and/or mathematics to a diverse population of students. The applicant should also be a strong proponent of active and/or applied forms of learning, including the incorporation of case-studies, group work and discussions within the classroom experience. Moreover, applicants will be expected to uphold the traditions of liberal arts education while continually identifying opportunities to integrate faith within classroom instruction in a manner that complements course content. Successful candidates will need to be detail minded, while also being flexible in attending to student needs during the pandemic mode of education including the digital delivery of course content on an as-needed basis.

[Grace College](#) is a Christ-centered Liberal Arts College informed by pietist and evangelical traditions. Located in the resort community of [Winona Lake](#), near Warsaw, Indiana (36 miles west of Ft. Wayne), Grace College offers 52 academic majors (38 minors). Central to the [mission](#) is developing character, sharpening competence, and preparing for service. Our goal in Christian living and teaching is to make Christ preeminent in all things. The programs of the college, as well as its community lifestyle commitment, are designed to encourage serious academic inquiry, a biblical worldview, spiritual understanding, and social conscience, all in the context of God's grace.

Qualifications:

This position offers a rewarding opportunity to become a member of the Grace academic community. The successful candidate will have:

- At least a Master's degree with 18-credits in a mathematics discipline; PhD is preferred
- Strong communication skills with a disposition that positively reflects their Christian faith
- Student-centered approach to learning that blends both active and didactic forms of instruction
- A desire to integrate faith with learning in the classroom; and,
