

Position Announcement

Position	Department
Physical Science Instructor, Part Time	School of Science and Engineering

Grace College and Seminary welcomes diversity, and makes employment opportunities available to all applicants and employees without regard to gender, race, color, pregnancy, age, ancestry, national origin, disability, citizenship status, military status, genetic information, or any other legally protected category.

Grace College invites applications and nominations for the part-time position of **Instructor of Physical Science, Part Time**. Responsibilities include teaching, advising, department and college service, scholarly activity, and professional development.

The candidate will be expected to teach various courses within the Science and Math Department, including (a) Physical Science Survey (SCI 1140); and/or, (b) Faith, Science & Reason (SCI 2030) at various times throughout the academic year on an as-needed basis. A successful applicant will display a strong commitment to liberal arts undergraduate education which includes supporting the Department's contribution to Grace's CORE, the Faith, Science, and Reason course. Also, the candidate must continually identify opportunities to integrate faith within classroom instruction in a manner that encourages spiritual growth while also complementing course content. Finally, a successful candidate will have a contemporary understanding of physical science topics based on recent findings and current publications.

[Grace College](#) is a Christ-centered Liberal Arts College informed by pietist and evangelical traditions. Located in the resort community of [Winona Lake](#), near Warsaw, Indiana (36 miles west of Ft. Wayne), Grace College offers 52 academic majors (38 minors). Central to the [mission](#) is developing character, sharpening competence, and preparing for service. Our goal in Christian living and teaching is to make Christ preeminent in all things. The programs of the college, as well as its community lifestyle commitment, are designed to encourage serious academic inquiry, a biblical worldview, spiritual understanding, and social conscience, all in the context of God's grace.

Qualifications:

1. A PhD in a physical science discipline (preferred); or, a Master's degree with 18 graduate credits in a physical science
2. Strong communication skills with a disposition that positively reflects their Christian faith
3. A student-centered approach to teaching that blends both active and didactic forms of instruction
4. A desire to integrate faith with learning in the classroom; and
5. A willingness to collaborate with colleagues in a constructive manner
