CAMPUS THEME

The campus theme for the 2025-26 academic year is "HOLD FAST" in the book of Hebrews. Our theme is a call to cling to the faith, hope, and assurance we have in the gospel. This is not something we must search for or discover on our own—it is something we possess through the person and work of Jesus Christ. Christ is better than anything else this world offers us. He is the One who ultimately holds us fast as we cling to and draw near to Him.
