Profile Summary

Dedicated and student-focused Computer Science Lecturer with over 10 years of teaching experience with a Ph.D. in Computer Science. I am skilled in designing and delivering engaging curriculum across core computing areas, with a passion for inclusive education and innovative pedagogy. Adept at supporting diverse learners, integrating real-world applications into instruction, and fostering academic, social, and emotional growth. I combine strong technical expertise with a collaborative spirit and a deep commitment to empowering students for success in both academic and professional environments.

Skills

- Curriculum development • Data analysis and visualization • Data engineering • Programming • Networking
- Database management • Statistical modelling • Cultural competence • Communication • Leadership

Educational Qualifications

Ph.D. Computer Science Feb. 2021 – Apr. 2023

University of Kwazulu-Natal, Pietermaritzburg, South Africa

Research Projects: Enhancing K-means Clustering with New Generation Metaheuristics Optimizers for Automatic Clustering of High Dimensional Dataset Problems

M.Sc. Computer Science Dec. 2005 – Jan. 2008

University of Lagos, Lagos, Nigeria

Research Project: Solving Systems of Linear Equations using Genetic Algorithm

B.Sc. Mathematical Science (Computer Science Option) Sep. 2002 – Sep. 2005

Federal University of Agriculture, Abeokuta, Nigeria

Research Project: Predicting Students' Performance Using Machine Learning Algorithm

PGD Computer Science Sep. 1999 – Apr. 2002

Federal University of Technology, Akure, Nigeria

Research Project: Analysis of Computer Operating Systems

Higher National Diploma - Computer Science Sep. 1994 – Aug. 1997

Yaba College of Technology, Lagos, Nigeria

Research Project: System for Finding Eigen Values

National Diploma - Computer Science Sep. 1991 – Nov. 1994

Yaba College of Technology, Yaba, Lagos State, Nigeria

Work and Teaching Experiences

Assistant Professor Aug. 2025 – Date

Grace College and Seminary, Winona Lake, Indiana, United States

- Program Director for Computer Science
- Delivers lectures on Software Development, Software Engineering, Algorithm Analysis, Introductory Computing Science.
- Designs, conducts, and grades assessments to evaluate student understanding and performance.
- Supervises undergraduate student projects and provides constructive feedback and guidance

Post-Doctoral Research Fellow

Jan. 2024 – Dec. 2025

University of Kwazulu-Natal, PMB Campus, Pietermaritzburg, South Africa

- Develop and apply machine learning tools to analyze patterns in Gender-Based Violence (GBV) data.
- Conduct experimentation on cluster validity indices across diverse datasets.
- Designed hybrid K-means and metaheuristics-based algorithms to improve clustering performance in GBV.
- Collaborate with interdisciplinary teams to curate high-quality, actionable insights from experimental results.
- Published findings in peer-reviewed journals and presented at international conferences.

Lecturer (Adjunct position)

Aug. 2023 – Jan. 2025

Durban University of Technology, Durban, South Africa

- Delivered lectures on Information Systems, Application Development, and System Analysis and Design.
- Designed, conducted, and graded assessments to evaluate student understanding and performance.
- Supervised graduate student projects and provided constructive feedback and guidance
- Engaged in community outreach programs, integrating academic knowledge with societal impact initiatives.

Contract Lecturer (Part Time)

Aug. 2023 – Dec. 2023

University of Kwazulu-Natal, PMB Campus, Pietermaritzburg, South Africa

- Crafted and delivered lectures on Computing for Social Science.
- Evaluated assessments and inspired students to push the boundaries of their computational knowledge.
- Led immersive lab sessions where students navigated advanced computing tools

Graduate Assistant (Part Time)

Mar. 2023 – Nov. 2023

University of Kwazulu-Natal, PMB Campus, Pietermaritzburg, South Africa

- Conducted engaging tutorials and interactive revision of course materials.
- Provided constructive feedback on students' assessments to improve their academic performance.
- Supervised laboratory practical, ensuring students gained hands-on experience for real-world scenarios.
- Engaged in student support services such as academic advising and coursework assistance.

Lecturer/ Senior Lecturer/ Principal Lecturer/ Chief Lecturer

Mar. 1999 – Sept. 2024

Yaba College of Technology, Lagos, Nigeria

- Delivered lectures in System Analysis and Design and Database Management.
- Managed student performance through grading and question moderation to maintain academic integrity.
- Supervised student projects and coordinated the National Diploma Project to guide successful outcomes.
- Oversaw Departmental Student Industrial Work Experience Scheme and part-time programs.

Industrial Trainee

Apr. 1994 – Mar. 1995

Chevron Nigeria Limited, Lagos, Nigeria

- Conducted troubleshooting and maintenance of computer systems to ensure optimal performance.
- Managed system coupling and software installation for seamless application integration.
- Provided user support for technical issues, enhancing overall system functionality.
- Participated in in-house training on computer application packages to improve technical skills.

Community Service Experiences**Member, AI International Collaboration & Engagement**

Apr. 2024

Federal Ministry of Communications, Innovation and Digital Economy, Lagos, Nigeria

- Developed strategic roadmap for international AI partnerships to strengthen Nigeria's AI ecosystem.
- Organized strategy sessions focused on advancing AI development within Nigeria's digital economy
- Assisted in identifying international stakeholders for long-term AI collaboration.

- Coordinated annual retreat preparation and monitored event activities to meet desired outcomes.
- Ensured all teams were synchronized and informed about each other's activities.
- Created post-retreat reports that informed future program enhancements.

- Led a team of voters' registration officers to collate and verify registered voters' data for electoral process.
- Addressed registration challenges on-site, providing solutions to improve the efficiency of the exercise.
- Submitted detailed reports on registration progress and outcomes to the local government authority.
